The Association of Bloodhound Breeders

(Founded 1897)

Each year the Association of Bloodhound Breeders will call for nominations to the lists (you may nominate yourself if you wish) and, after any questionnaires have been completed (if necessary), the voting will take place as usual with the votes counted by an independent returning officer.

If you are interested in judging, the Association recommends that you start a portfolio with details of your relevant experience which can then be used for reference when filling in questionnaires.

We would remind aspiring judges that the lists are valid for only one year at a time and that inclusion in a list in one year does not necessarily ensure inclusion in future years.
